

# JSE INTRA-WEEK UPDATE

AngloGold (ANG): Still holding above the R420 support.  
Keep holding longs.

BHP: Hit the R343 support. Stay long.

Sasol (SOL): Still playing around the R100 support. Stay long.

We are watching our stop loss levels very carefully as the cycle due Now could signal a breakdown. Stop loss levels are given on the newsletter and they are based on a close below. The cycle could be a low, as long as we hold the supports. We are watching to see where things close.
